IMPORTANT
Please read the following information carefully.

Step 1: Provide paper or electronic copies to sellers from which you make purchases.

Step 2: Keep your original reseller permit on file.

If you have a change in business structure (e.g., sole proprietor, partnership/corporation), you will need to reapply for a new permit under your new tax registration number.

For a complete list of approved uses for your reseller permit, please refer to RCW 82.04.060 and RCW 82.04.050.

Purchases for Dual Purposes
If you don’t know at the time of purchase whether item(s) will be consumed or resold, you must purchase according to the general nature of your business.

• If your business principally (more than 50 percent) consumes the item(s), you should not use a reseller permit for that purchase.
• If your business principally resells the item(s), you may use a reseller permit and then report use tax on the item(s) consumed.

Contractor Information
Contractors may not use the permit for the following types of transactions:

• Purchase/rental of equipment or tools
• Purchase of supplies that do not become an ingredient or component part of the project (e.g., sandpaper, masking tape, saw blades, etc.)
• Purchase of materials and contract labor for public road construction or U.S. government contracting
• Purchase of all materials and contract labor for speculative building
